G. Challenges

63. Has the NCP faced any particular challenge(s) it would like to highlight this year?
<p>Throughout the year, the National Contact Point (NCP) of Colombia has made significant strides in implementing the OECD Guidelines for Responsible Business Conduct (RBC). Through ongoing collaboration with key stakeholders and the adoption of strategic measures, the country has progressively aligned its actions with its commitments in this area.</p> <p>However, several challenges persist that require continued attention. Strengthening the NCP's capacity, securing the necessary resources for its effective operation, and ensuring sustained collaboration with diverse stakeholders remain critical priorities. Moreover, updating Decree 1400 of 2012 and revisiting established procedures are essential steps to guarantee the long-term sustainability and impact of the efforts made. In this regard, sustained commitment will be crucial for the effective integration of Responsible Business Conduct principles into Colombia's public policies and business practices.</p>
